Intro:

Bm G D A

Verse 1:

I took an arrow to the heart **Bm**

I never kissed a mouth that taste like yours **G**

Strawberries and somethin' more **D**

Ooh, yeah, I want it all **A**

Lipstick on my guitar, ooh **Bm**

Fill up the engine, we can drive real far

Go dancing underneath the stars

Ooh, yeah, I want it all, mm
Ooh, you got me feeling like

Pre Chorus:

I wanna be that guy
I wanna kiss your eyes

I wanna drink that smile
I wanna feel like I'm

Like my soul's on fire

I wanna stay up all day and all night, mm
Yeah, you got me singing like

Chorus 1:

Ooh, I love when you do it like that

And when you're close up, you give me the shivers

Oh baby you wanna dance 'til the sunlight cracks

And when they say the party's over then we'll bring it right back

Chorus 2:

And we'll say ooh I love it when you do it like that

And when you're close up, you give me the shivers

Oh baby you wanna dance 'til the sunlight cracks

And when they say the party's over then we'll bring it right back, yeah

Verse 2:

Into the car, on the back seat in the moon lit dark

Wrap me up between your legs and arms

Ooh, I can't get enough

You know you could tear me apart

Put me back together and take my heart

I never thought that I could love this hard

Ooh, I can't get enough
Ooh, you got me feeling like

Pre-Chorus:

I wanna be that guy
I wanna kiss your eyes

I wanna drink that smile
I wanna feel like I'm

Like my soul's on fire

I wanna stay up all day and all night
Yeah, you got me singing like

Bridge:

Baby, you are so hot you make me shiver

With the fire you got, this thing is started

I don't want it to stop, you know you make me shiver, oh, oh

Baby, you are so hot you make me shiver

With the fire you got, this thing is started

I don't want it to stop, you know you make me shiver
Yeah, you got me singing like

Chorus 3:

Bm

And we'll say ooh I love it when you do it like that

G

And when you're close up, you give me the shivers

D

Oh baby you wanna dance 'til the sunlight cracks

A

And when they say the party's over then we'll bring it right back
